

## Joyce's Jottings

Plans are moving forward for Annie's House. The fabric is in and feverish sewing is taking place. The fabric is highlighted above and is even more lovely in person! Drop in and see the progress Aleisha has made on the cute house blocks. We have set February 21st as the first class and there are limited kits available. If you are interested don't delay in signing up.

Remember we are implementing a new class policy. All classes must be prepaid when you sign up. Class fees would be refundable up to 24 hours before class time. This is to protect the teachers who work hard to prepare for a class that appears to have several signed up just to get to class and no one is there.

With all this cold weather we have been experiencing, it is the perfect time to get sewing done. We have all the supplies you need to finish up those projects or start some new ones. We're keeping the shop nice and warm for your shopping pleasure.

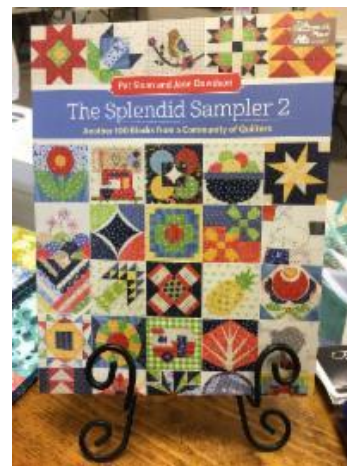

We continue to work to find projects you might be interested in pursuing. If there are projects you would like to see class for let us know. It might just turn into a reality.

*Happy Valentine's Day!!!!!!*
